Join us for a premier of locally-sourced sound and spirit! *We Live Here* is an inspired evening of song and instrumental music featuring local passion, deep roots and universal reach. This is go-local music right from the source, eclectic and uplifting.

With powerful, acclaimed vocals and instrumentals, **The Juliane Band** performs feel-good Americana and moving originals with voice, guitar, mandolin, accordion and percussion; **The Napa Valley Barbershop Chorus** unites the voices of men across generations in beautiful barbershop harmonies perfected over decades; the new **Threshold Choir** blends women's voices in an emerging genre of sweetly intimate songs to comfort those in Hospice care; while **Rob Sherman & Friends** step creatively outside American tradition to play African-inspired originals on guitar and cello, composed by Rob Sherman.

*We Live Here* is an invitation to celebrate community with lively music—and remarkable performances—by singers, songwriters and instrumentalists who happen to call Napa home.
